Volunteers' Week 2026:

<https://www.cofe-worcester.org.uk/news/volunteers-week-2026.php>

This year, Volunteers' Week runs from 1 to 7 June.

All around us, often unnoticed, volunteers are quietly holding the world together. They open doors, make tea, stack chairs, run clubs, lead prayers, coach teams, visit the lonely, organise events, raise funds, tidy spaces, and offer a thousand small acts of kindness that keep communities alive.

They don't always wear uniforms or receive applause, but they are the backbone of so much that happens in churches and our wider communities. When others arrive and feel welcomed, when a service runs smoothly, when help reaches those in need - it is often because someone gave their time freely.

Volunteering is more than helping out. It is offering the gifts God has placed in each of us: patience, practical skills, compassion, creativity, leadership, listening, encouragement, and faith. Every act of service, whether seen or unseen, becomes a ministry when it is offered in love.

“Take the first step, your body will thank you”

Welcome to Holy Trinity Church, Eckington

The Good Things Guy began putting good news items on social media to counter the narrative that the world is falling apart and that most people are self-interested, and that most businesses out to make as much profit as possible whilst ignoring impact on people and places.

The Good Things Guy describes his mission as “to change what the world pays attention to. There is good news all around...” and he wants to publish these stories to inspire and rejoice.

This is such good news! Stories which celebrate our common humanity, our generosity, courage, kindness, self-sacrifice. These are stories of people and businesses which have a positive impact around them. It may not be huge or heroic, but it changes lives, brings joy.

The Good Things Guy has threatened and criticised for who he is, his sexuality, what he does. His mission is borne out of suffering and pain. He has not let it

define him, make him bitter. People’s bigotry and small mindedness have propelled him to tell a different story, to spotlight what is good and life-giving in local communities.

In our ‘anxious world’, as Bishop Hugh described it on Bredon Hill on Good Friday, stories of love, of solidarity, of kindness, of rising above our squabbles, make hope practical in our local communities. This is what Jesus was all about. He was a realist who knew the nature of threatened powers, but he was also a realist who knew the power of forgiveness, of kindness, of love for all our neighbours. He wouldn’t compromise on being a ‘good news guy’ and his resurrection from death and the out pouring of the Holy Spirit which we will celebrate this month makes good things possible everywhere through us, through you and through me. Let’s just do it!

Yours, **Rev. Katryn**

Many thanks to all who made soup, helped in many ways (from washing-up to bunting-hanging) or attended our

SOUP SATURDAY in March.

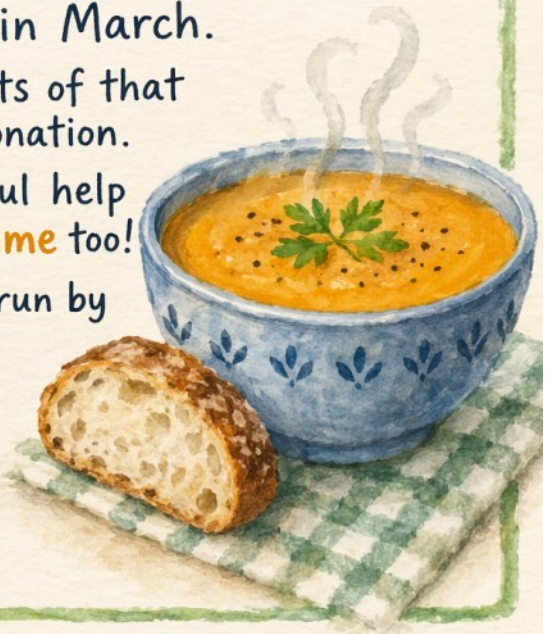

We made a splendid £639.75 and lots of that was due to kind folk gift-aiding their donation.

We are very grateful for everyone's cheerful help and we actually had a really enjoyable time too!

The money goes to very worthwhile projects run by local people in situations desperately hit by war and climate change.

THANK YOU!

Eckington Book Club

A Light in the Window, by Marion Kummerow, is about a young Jewish woman in Berlin in 1941.

To save her own life she assumes the identity of the daughter of the Nazi family for whom she worked as a maid and who were killed when a British bomb destroyed their house. She escapes to occupied France and becomes involved with an SS officer who is the brother of the woman she is impersonating.

It is quite convoluted and the writing is awkward but you get the sense of the horrors of life for the Jews under the Nazis and the story is compelling.

Our speaker for April was Josh Egan Wyer who is a professional horticulturist, with a keen dedication to all things plants, new introductions and the production and sales of plants to both wholesale and retail markets. The title of his talk was 'The very best plants of the month' and he brought along some cut material and many living plants and shrubs to discuss with us and give us gardening tips on how to look after them. Josh also brought along many plants for sale which is always popular with our members.

Also, did you know that the little purple flowers on a Rosemary bush are not only edible and tasty they look very attractive in salads, try it.

The Presidents challenge for the meeting was to bring an item with a Daisy on it, the reason being that it is one of the two official flowers for April and captures the meaning of spring. Daisies come to symbolize innocence, purity, new beginnings, and true love. Their simple yet charming appearance is the reason why they've been dear to the heart across cultures for centuries. We had some really attractive entries including a lump of turf with daisies growing in it.

May WI meeting will be a members only meeting as it is our Annual Meeting.

The 'Social at the Local' was on a glorious sunny April day at the Bell and we all decided to take advantage of the sunshine and sit outside, Steve kindly put up the parasols for us to sit under to have our coffee and a chat. **The next 'Social at the Local' will be on Tuesday May 12th at 11am at the Anchor.** This is open to all ladies not just WI members. Do come along for a cup of tea or coffee and cake and a natter about anything and everything, we would love you to pop along.

By the time this magazine is printed the map for the Garage Sales will also have been printed so we wish you all success with your sales and hope you have a most enjoyable time.

If you would like more information about any of the above or generally about W.I. please email us at eckingtonwi@gmail.com You can also check us out on Facebook or visit our website: eckingtonwi.weebly.com.

Thankfully, we were blessed with beautiful weather this morning so we were able to get on and do most of the jobs we wanted to get done.

The New Road entrance now looks great (Thank you Graham, Anne, Jack, Clare and Steve)

Richie's excellent strimming has really sorted those stingers at the end of the Cemetery...hope you didn't get stung too many times Richie.

Two of the beds around the Memorial garden now weed free thanks to Bob, Vicky, iv, Karen, Clare and Steve. Thanks Bob for dealing with all the rubbish bags

All 4 raised beds dug, composted, and expertly planted thanks to Robert, Tim, Cilla, Alistair and Karen

Cemetery hedge trimmed perfectly by Anne and Tim.

The Car Park entrance from Spitfire now looks fab...Jack, Graham and Anne did a great job

A few new whips planted too by the 'planting team'...no doubt they'll look good when we're all dead and buried...we'll be able to see them from the Cemetery!!

Thanks to Nik for strimming and transporting compost and Mike for sweeping up all our messes!

A great team effort. So a BIG thank you to all those that helped this morning.

You may also have noticed, that we've had some cycle racks installed at the new road entrance... Thank you to Steve, our village lengthsman, for doing this, and for strimming all the weeds in that area.

Our new cricket season begins in May (A quick summing up:)

- Our Vice Presidents appeal was successful, Many Thanks to those who contributed so generously.
- A well supported end of season awards evening was held in October.
- We have a good base of quality players, but could do with more numbers to call upon, even so, last season we lost one Sunday game and one T20 fixture.
- If anybody (14+) is interested in joining our very friendly and social club, they would be made very welcome.
- Everybody who plays is given every opportunity to contribute.
- Our season starts on Sunday 3rd May.

Cake Bakers Needed!

The Friends of Eckington School (FOES) are holding a summer fete on Friday 10th July from 3-5pm.

We would like to have a stall selling cakes but need some help with the baking...

If you or anyone you know fancies baking and donating a cake for our sale, we would be very grateful.

The fete is open to villagers as well as school families, so please feel free to come along and support us.

If you can help, please contact Rachel on 07792180477 or FOES by email eckingtonfoes@gmail.com

A month of contrasts, but all Rotary

Global conflict and local community spirit formed a striking contrast for Pershore Rotary this month, highlighting the breadth of the organisation's work at home and abroad.

With attention focused on war in the Persian Gulf, members were reminded not to lose sight of the ongoing crisis in Ukraine. Guest speaker Brian Watkins of the Ukraine Freedom Company (UFC) outlined the charity's vital efforts delivering aid directly to those in need.

The UK-based organisation provides humanitarian, medical and logistical support, sourcing supplies in Britain and transporting them into Ukraine through trusted civilian networks. Among the most urgent needs are "comfort boxes" for frontline personnel, containing first aid materials, hygiene products, thermal clothing, food and basic cooking equipment.

UFC also supplies trauma kits, tourniquets and haemostatic dressings to medics, as well as generators for hospitals, schools and homes. A notable innovation is the Getmet handheld scanner, which detects shrapnel without the need for X-ray or ultrasound. Costing around £1,500, the device has helped speed up surgical treatment at Ternopil Hospital, where up to 150 operations are carried out each week.

Support for civilians is equally critical. The charity provides essential supplies, including baby formula, nappies and wipes, to vulnerable mothers who have lost partners and homes due to the war. Donations can be made by contacting Brian Watkins directly at Lovelacewatkins@uwclub.net.

Closer to home, Rotary's work took a more uplifting turn. Sixteen young people from the Cube Youth project enjoyed a hands-on cookery experience at Feli's Bar & Restaurant in Stoulton.

Cube Youth, a Malvern-based charity, supports 10 to 18-year-olds through free activities designed to build confidence, improve wellbeing and foster friendships. During their visit, the group received a warm welcome before taking part in a lively demonstration led by chef Felice, learning how to prepare a simple three-course meal they could recreate at home.

The day ended with a shared lunch, leaving participants with new skills, fond memories and small gifts supported by Pershore Rotary.

Youth Manager Jo Hine praised the experience, while hosts Felice and Fiorinda said it was always a pleasure to work with the group.

These contrasting activities reflect Rotary's wider mission as a global humanitarian organisation, bringing practical support and positive change to communities both near and far. If you would like to work with us, we would love to hear from you. Follow us on Facebook, check out our website www.pershorerotary.club or email our secretary@pershorerotary.club.

This will be my first full year tending an allotment. Last year some courgettes and tomatoes produced bumper crops, but if the weather differs this year, I may not be so fortunate. Raspberries produce each year, so I think I'll try them. Three lots of bare-rooted specimens have arrived; summer(Glen Carron) mid-summer (Glen Ample) - of course Scottish Raspberries will feature!, and Autumn Bliss. If the soil and aspect suits them they should fruit well next year, but maybe also this.

This is a recipe I was given a couple of years ago and I hope to use the fruit;

Bakewell Cake

5 oz butter/ margarine

5 oz ground almonds

5oz caster sugar.

5 oz raspberries(fresh or frozen)

2 large eggs.

1 oz flaked almonds

Few drops of almond essence

50 ml milk

5 oz self raising flour

Icing sugar for dusting

- Preheat the oven to 180C(350F)
- Line an 8 " cake tin.
- Cream the butter/ margarine until soft.
- Add the sugar and beat until light and fluffy.
- Whisk the eggs and almond essence.
- Gradually whisk eggs into the creamed butter mix, beating all the time.
- Next beat in the milk, then add the flour and ground almonds, folding until just mixed.
- Next add the raspberries and fold gently so as not to break up.
- Tip the batter into the prepared tin, then scatter with flaked almonds.
- Bake for 50- 55 minutes. (I check while cooking as oven temperatures vary.)
- Cool for 10 mins before removing from tin then dust with icing sugar once fully cool.

It has proved very popular - I sometimes serve with natural yoghurt.

Tewkesbury & Bredon Hill Probus Club

The club for retired and semi-retired professional business men

<https://probusclub.net/tewkesbredon/>

The members of Tewkesbury and Bredon Hill Probus Club come from a wide variety of businesses and professions and together have a huge bank of knowledge collected in a lifetime of work. From time to time one of our members gives a talk about his own life and work experiences and we were treated to an excellent talk by Bob Stockwell who spent many years in senior positions in the iconic electronics company Bang and Olufsen which celebrated its centenary in 2025.

Bob talked us through the origins of the company in Denmark set up by Peter Bang and Svend Olufsen to create and market superior innovative products in the emerging radio, TV and Hi-Fi business in the 1930's and beyond. Bob showed us examples of some of the very early designs and how the company developed through the second world war to become the crème de la crème of the quality consumer electronics world. He described his role in the development of the business and how the minimalist design and beauty of the products was matched by the excellence of the engineering to produce world class products.

We recently welcomed John Gillham from the Malvern Radar and Technology History Society who told us the story of how scientists and engineers from two secret air defence research establishments were moved to Malvern in 1942 after a raid by British forces on a German radar post on the north coast of France revealed that our research establishments on the south coast of England would be vulnerable if the enemy decided to undertake a similar attack on them.

So a decision was made at the time to move all the boffins engaged in the two establishments to a much safer environment, namely to Malvern College to continue their vital work in the defence of the realm.

John described how this influx of a large number of strangers affected the people of Malvern especially as the incomers were all sworn to secrecy, didn't mix with the locals and were billeted in their own compounds separate from the Malvern residents.
